

Ampere Pro

Aesthetic & Safe

## ABOUT AMPERE PRO:

Ampere Pro is a technology-based people driven private organization. Our venture started around the values of perfection, quality, sustainability and innovation. Our team consists of highly professional engineers to give you the ultimate experience. We ensure that our every single building automation products meet the EU standard.

At Ampere Pro our professional team strive to analyze every customer's portfolio and find the match for their complete electrical needs. While other companies just sell the goods & provide after sales service, we are not like that. We focus every single project from idea generation to implementation through the highest standard of quality. Our foremost intention is to make things simpler for our valued customers with finest quality, integrity, commitment and excellence

Whether you're outfitting a new build or upgrading existing installations, Ampere Pro offers a wide variety of switches and sockets to meet the needs of both residential and commercial electrical projects with aesthetic value and safety.
